

PORT NOTICE

SUBJECT: Jetty 1

DATE: Sep 27th, 2018

Port of Gävle Authority is hereby bringing to the attention of all concerned the maximum accepted vessel draft of Jetty number 1.

MAXIMUM VESSEL DRAFT

Due to recently launched water depth survey report the water depth close to Jetty number 1 is 9,1 meters. According to the UKC (Under Keel Clearance) policy of Port of Gävle the new temporary maximum accepted vessel draft at Jetty number 1 is 8,6 meters.

FURTHER INFORMATION

Port of Gävle has carried out several Bathymetric surveys as well as dredging operations. Jetty number 1 has an old design with stone caisson construction which continuously has impact at the seabed close to the jetty . Port of Gävle starts planning to replace the old Jetty design with a new one.

For additional information please contact Port of Gävle Authority.

Best regards

Linda Astner
Manager Port Authority
