Välkommen till Gävle hamn

Gävle Hamn – Östkustens nav Med sitt strategiska läge strax norr om Stockholm och i direkt anslutning till den industrifäta regionen i Mellansverige är Gävle Hamn ett naturligt nav för import och export på ostkusten. Stora fartyg kan effektivt anlöpa hamnen för snabb lossning och lastning. Här finns också gott om tillgängliga ytor för etablering i kajnära lägen.

 About Gävle Port

 Request port access

Complete step 1–8 to request port access. Fields marked with * are compulsory. Do not use the browser back arrow. Then you risk that the information that you provided will disappear. NOTE! In the contact information the phone number must be indicated by the country code of the subscription. The mobile number is written without the first zero. Example för Sweden's country code: +46701234567

When all the information is completed, click on "Send request".

When the request have been submitted and approved, a text message with a code will be sent to whom requested the access. This code can be used throughout the visit.

Example of text message:

"Hi John, your port access request has been approved!

You can access the port via Huvudgate (17° 12' 23" E, 60° 41' 45" N) by using the following code: #10001*.

The code is valid between 2017-11-13 14:30 to 2017-11-13 17:00. Må-Sö 06:00-24:00
