

PORT NOTICE

SUBJECT: Mooring and unmooring operations

DATE: May 24th, 2019

Port of Gävle (Gävle Hamn AB) Authority is hereby bringing to the attention of all concerned the revised *Port Rules for activities in the Port of Gävle (29 §)*. The revision is made in order to protect the port's infrastructure, equipment and facilities to a greater extent and to give safety guidelines to vessels that are allowed and chooses to call the port without assistance from the mooring man.

FREDRIKSSKANS BERTH 1 AND BERTH 27

Assistance from mooring man is compulsory for all vessels.

ALL OTHER BERTHS AT FREDRIKSSKANS AND GRANUDDEN

Assistance from mooring man is compulsory for all vessels with a length of more than 80 meters. For vessels that are under the length of the mandatory mooring man requirement and that chooses to call the port without assistance from the mooring man, the gangway should be set and that safety clothes and protective equipment (safety shoes, life jacket, helmet) should be used.

The mandatory requirements of mooring man assistance apply both on arrival and on departure.

For additional information please contact Port of Gävle Authority.

Best regards
