

PORT NOTICE

SUBJECT: Jetty 1

DATE: May 30th, 2023

The Port of Gävle wants with this port notice to note restrictions with the start-up after the completion of the new jetty #1.

MAXIMUM VESSEL LOA

After the planned commissioning of the new Jetty #1 on the 18/6. There will be a temporary vessel length restriction of a maximum 160-meter LOA, as requested by the Swedish maritime administration, Pilot station Gävle.

This was requested so that the pilots could build up some experience with the changes of the jetty, before taking on any larger vessels.

The restriction will be in effect until further notice.

For additional information please contact Port of Gävle.

Best regards

Hans Karström

Traffic and Security Manager

Port of Gävle
